THE WAVE STUDIO, LLC, a New York
Limited Liability Corporation,

Plaintiff,

v.

GENERAL HOTEL MANAGEMENT, et al.,

Defendants.

CASE NO. 7:13-cv-09239-CS-PED

REPLY DECLARATION OF LEE KAR YIN

I, Lee Kar Yin, declare:

1. I state the following from personal knowledge, except where I note information is based on information and belief. I will competently testify to the following if called to do so.

2. Attached hereto as Exhibit 1 is a true and correct copy of the Corrective Assignment (and all its exhibits) that I executed on September 4, 2015, and that was filed with the U.S. Copyright Office on that same date and produced to Defendant GHM on September 8, 2015.

3. Attached hereto as Exhibit 2 are true and correct copies of the agreements between the Wave Entities and Masano Kawana and his company, Irieyes Ltd., entered into in 2005 and 2006, both of which were previously produced to GHM in this litigation.

4. Attached hereto as Exhibit 3 are true and correct copies of additional production estimates issued by the Wave Entities to various GHM-managed Hotels for photo shoots done of some of the GHM-managed Hotels. All of these estimates have been produced to GHM.

5. I also respond to statements of GHM in its opposition to The Wave Studio LLC's motion for summary judgment regarding post-production work done on the Photographs. As I previously indicated in my initial declaration in support of Plaintiff's motion for summary judgment, I estimate that there was approximately seven hours of post-production work done on each of the Photographs. I continue to stand by that estimate.

6. GHM claims that seven hours of post-production work per photo is unrealistic and would have taken seven years of full-time work by me. GHM forgets that Wave employed five for post-production work on the photographs. I testified regarding the various staff members working for the Wave Entities during the deposition of Wave. In all, the Wave Entities had up to five staff members, including myself, working on post-production, which constitutes approximately 2,800-3,500 hours of work per person, depending on the year and the workload. Over the roughly seven or so years during which the Photographs were taken, this constituted approximately 400-500 hours per year, per person (20-25% of a full time employee's time). This is an accurate estimate of the work done by the Wave Entities' staff on post-production work.

7. GHM also takes the position that it or the Hotels requested the Photographs separately for marketing purposes. This is simply not true. The Wave Entities were hired to create all branding initiatives for GHM-managed hotels, from toiletry kits to brochures to decals for hotel cars. To complete some of the marketing collaterals for the Hotels, the Wave Entities had to take photographs for use in the collaterals. At no point did the Hotels or GHM ask for photographs generally that they could use in any manner they wished. The Photographs were only taken as part of the entire engagement of Wave to create branding and marketing collaterals for the GHM-managed Hotels. Though the estimates for photo shoots were generated separately from the estimates for other marketing collaterals incorporating photographs taken by Wave, the

photo shoots were usually scheduled in order to meet a deadline for brochures or other marketing collaterals that required images. Attached hereto as Exhibit 4 is a true and correct copy of an email with one of the Hotels that illustrates this point. In the email the hotel staff made clear that they wanted to schedule a photo shoot in order to produce a brochure for the upcoming opening of the hotel. Therefore, as I have consistently testified, the photography was done so that there was a collection of photographs of each Hotel from which images could be selected for future marketing collaterals requiring photographs to be ordered from Wave.

8. GHM also states that I saw the unauthorized use of Wave Photographs on the GHM website in 2002 and that the Wave Entities did not object. While I did initially say that in the deposition, I did not see any Photographs on any GHM website in 2002. Indeed, it would have been impossible because Wave first began work on the GHM website in 2004, which launched in 2005. In any event, the use of Wave Photographs on that website was authorized. As I made clear in the deposition of Wave, I did not see any use by GHM on a non-Wave-created website until some time in 2012. Therefore, while I originally misstated the date I first saw the unauthorized use of Wave Photographs on GHM's website as some time in 2002, I corrected that testimony as soon as I realized the error.

9. GHM similarly states that I saw unauthorized use of Photographs on the Setai's website in 2005 and did not complain of copyright infringement. This is untrue. GHM omits the fact that Wave created that Setai website. Work on the website began in 2005 and was completed in 2006. Therefore, that use was authorized by Wave, so there was no reason for Wave or me to complain of infringement.

10. GHM also attempts to discredit my testimony about the Nam Hai counterfeiting of Wave's work. I never testified that the counterfeiting involved any of the Photographs.

Rather, the counterfeit packaging created by the Nam Hai used a background design involving painting on Chinese rice paper that was created and then photographed by Wave and used as a background design for the packaging at the Lalu and the Setai. Upon my informing Mr. Jenni about the Nam Hai's unauthorized use of Wave's work, which, like the copyrights to the Photographs Wave owned, Mr. Jenni instructed the General Manager of the Nam Hai, John Laing, never to use my work.

I declare under penalty and perjury that the foregoing is true and correct. Executed on May 6, 2016, in Singapore.

A handwritten signature in blue ink, appearing to read 'Lee Kar Yin', is written above a horizontal line.

SEE REVERSE FOR IMPORTANT INFORMATION

This receipt is intended to show that the material described was received in the Copyright Office on the date given. When multiple claims are submitted by or on behalf of the same remitter, however, only one receipt listing only one title on the receipt will be provided.

Receipt of material is merely a preliminary step in the registration and/or recordation process. It does not imply that any final determination has been made in the case, or that the material is acceptable for registration.

Official action on an application for copyright registration or a document for recordation can be taken only after there has been a full examination of the claim following regular Copyright Office procedures. We are glad to discuss questions involving copyright registration on the telephone or in person-to-person conversations. However, all statements made during these exploratory discussions must be considered provisional, and are not binding either upon the applicant or upon the Office.

Dear Marco,

It would be good if we can do the photo shoot in April, factoring in, a month for shipping,
15 days for printing and 10-15 days for colour separation depending on colour correction.
I am allocating 1.5 months for photography, traveling, archiving, digital touch-ups, layout
(brochure and tariff), finished artwork and approval process. That works out to be approximately
3.5 months of lead time.

Would the weather be conducive for photo shoot in April? Please advise.

Thank you and best regards,
jr
